ENTERPRISE RESOURCE PLANNING SYSTEM MEETING WITH NAVAIR SYSTEM COMMAND AND RAYTHEON. On August 15, 2000 DCMA AND DCAA attended a meeting held at NAVAIR Systems Command and representatives from Raytheon Technical Services Company. The meeting was held at NAVAIR System Command Patuxent River, MD Headquarters. The purpose of the meeting was to discuss the planned NAVAIR SYSCOM's ERP and ERP implementation efforts at Raytheon Technical Systems operating locations. The meeting also provided an opportunity to discuss the exploration the potential of a joint NAVAIR SYSCOM and Raytheon ERP pilot. The proposed pilot would focus on a single procurement system process for data access and exchange between a NAVAIR program, Raytheon DCMA and DCAA. For additional information: mowry@hq.dema.mil

JOINT DCMA AND GENERAL DYNAMICS LAND SYSTEMS CONFERENCE. DCMA Headquarters was an invited guest speaker at the August 16, 2000 joint DCMA/GDLS best practices conference. The focus of DCMA headquarters presentation was on the DoD Integrated Digital Environment initiative, and role of Industry. GDLS also provided presentations on their existing integrated electronic business processes and their future plans to expansion. GDLS's presentation highlighted the IDE efforts on the marine Corps AAAP program and Army Combat mobility system programs. DCMA Detroit provided best practice presentations on Contractor Self-Oversight (OCS), and Risk Assessment Management Program (RAMP). For additional information: mowry@hq.dema.mil
